## Education

### Vellore Institute of Technology

Bachelor of Technology in Information technology

Sep. 2022 – July 2026

Vellore, Tamil Nadu

## Certifications

### AWS Solution Architect Associate

Amazon Web Services

- **Certificate:** View Certificate

17 February 2025

AWS

### The Complete 2024 Web Development Bootcamp

Angela Yu

- **Certificate:** View Certificate

Udemy

Online

## Experience

### Ethnus

MERN Full Stack Web Development

June 2024 - July 2024

Bangalore ,Karnataka

- Completed an online internship focused on the MERN stack, gaining hands-on experience in building and deploying full-stack applications. Worked on a large-scale project under industry mentors, enhancing technical and collaborative skills. Developed proficiency in frontend and backend integration using HTML, CSS, JavaScript, Bootstrap, React.js, Next.js, Node.js, Express.js, and MongoDB.

### Hackathons

Participation

May 2023 – June 2024

Vellore ,Tamil Nadu

- Participated in various hackathons, including **Providence Hackathon**, **Google Solution Challenge**, and **Smart India Hackathon (SIH)**, applying full-stack development and cloud skills to create functional, real-world projects under time constraints.

## Projects

### Learning Management System (LMS) | Next Js Express Js

June 2024

- Developed a full-stack Learning Management System (LMS) using the MERN stack (MongoDB, Express.js, React.js, Node.js) with a responsive design powered by Tailwind CSS. Implemented secure user authentication for restricted access to course content and user-specific data. Designed a comprehensive course management system, allowing users to efficiently add, view, update, and delete courses. Optimized backend and database queries to enhance performance, ensuring a seamless user experience.

### Movie Ticket Booking Platform | Next Js

February 2025

- Developed a movie ticket booking platform with a full-stack implementation using Next.js and TypeScript. Integrated Google authentication alongside a flexible email login system, allowing users to create passwords and reset them via a secure "Forgot Password" feature. Implemented a seamless movie booking experience, enabling users to select locations, showtimes, and seats with ease. Currently working on integrating a smooth and secure payment transaction system. Additionally, designed a dedicated provider section, allowing verified theater owners to host their movies on the platform after Aadhaar-based verification. Utilized MongoDB for efficient data management and storage.

## Technical Skills

**Languages:** C++,Python,JavaScript,HTML,CSS,SQL

**Developer Tools:** VS Code, Google Cloud Platform

**Technologies/Frameworks:** GitHub,ExpressJS ,Bootstrap,Nextjs

## Leadership / Extracurricular

### GraVITas'23

Volunteer

September 2023

VIT VELLORE

- Volunteered at GraVITas'23, VIT Vellore, where I received a certificate from the RnR team for my contributions.
- Engaged in a dynamic team environment, assisting with event organization and management

### Riviera'24

Volunteer

February 2024 – March 2024

VIT VELLORE

- Contributed to the successful execution of Riviera'24, earning a certificate from the RnR team for my efforts
- Collaborated effectively within a team to support event coordination and management
